...in the kingdom of Hartsdale amidst winding roads quietly shaded by trees, there stood a manor known throughout the countryside as Maria Regina High School.

It was here in the year 1983, that a company of maidens, who had come to seek their fortune, were finally completing the rainbow that they had tried so hard to build.

Coming from many diverse backgrounds, these young maidens rode the depth and breadth of the land, in search of a means by which to realize their aspirations.

Indeed, they came to the right place; for here no dream was impossible — no star was unreachable.

However, these maidens could never have fulfilled their dreams on their own. It was largely because of the guidance of the royal court whose purpose was to instruct and advise them that the maidens were placed on their road to...

At the start of the days on the manor, the maidens were filled with doubt and fear. Yet, they brought with them riches as precious as gold. The outgoing personalities of each helped form the lifelong friendships.

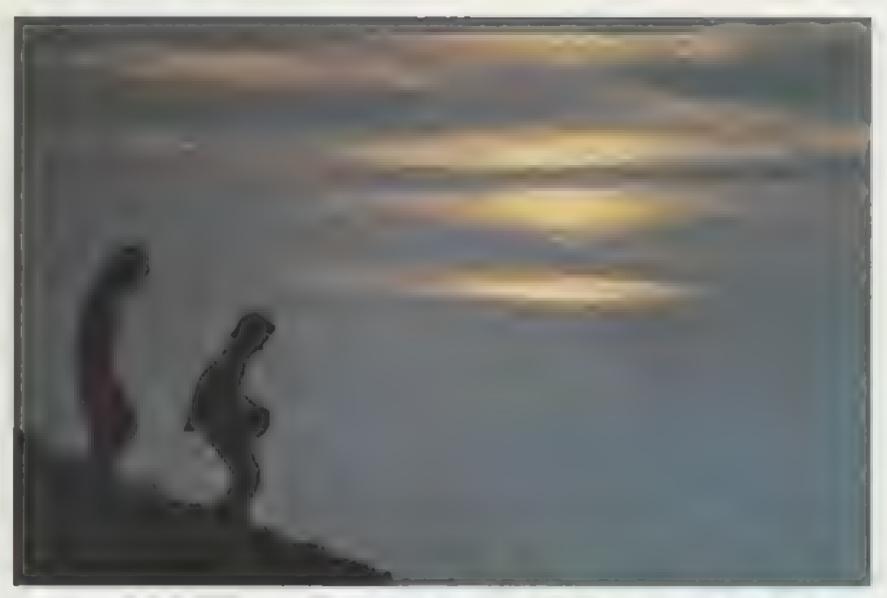

Reaching the peaks of the rain bows would be impossible without the inspiration of God. He is the driving force of life and the true color in every rainbow. Although the rainbow is sometimes hidden behind the clouds, everyone in the kingdom is aware that the bright streams of color always surround Maria Regina. In the same way, although they are unable to see their God, they know that His love and guidance are an everlasting source of strength for all at Maria Regina.

Before there can be a rainbow, there must be some rain; and it is at these "stormy" times, that the maidens need extra support to avoid the "puddles." Even determined maidens sometimes become discouraged, because fulfilling their dreams proves to be a difficult task, and sometimes, their rainbows lose their luster. However, God has provided us with many special people who encourage and guide us through the storms.

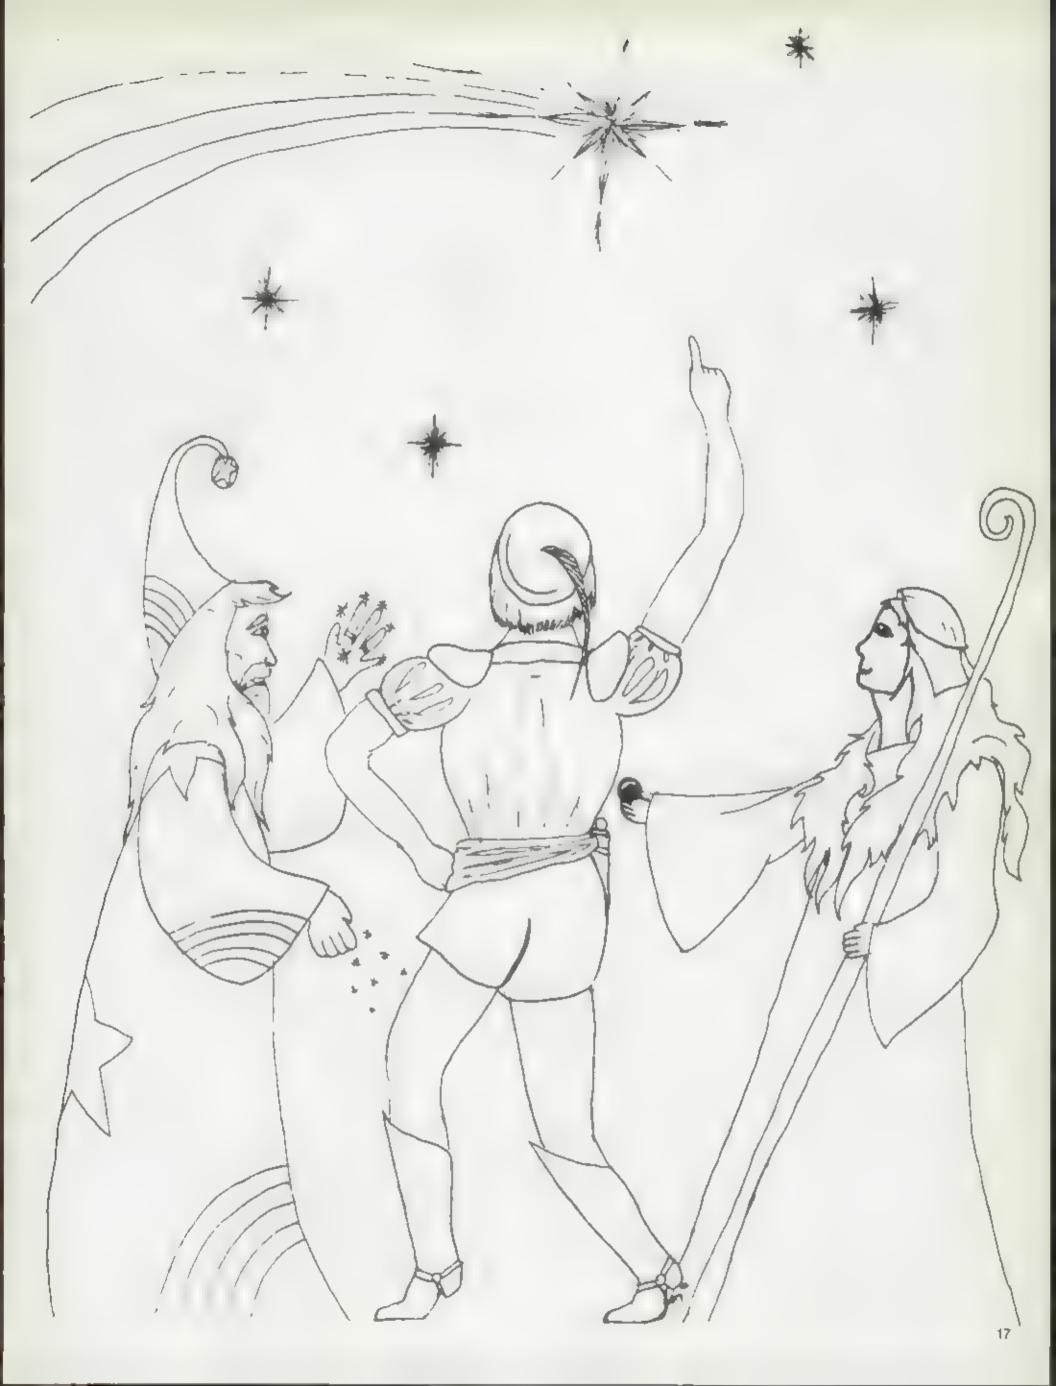

God's presence in the kingdom has been evident in the wondrous deeds of many exceptional people. His genuine care shines through these people. There is one unique individual, however, through whom God has outshined the luster of any rainbow. His love and encouragement has always shone brilliantly through her. She has brought so much happiness to others through her constant smile and loving nature. Her many hours of prayer and concern have contributed to the spiritual and emotional growth of each maiden. She is a true glimpse of Heaven; and throughout her twenty-five years of experience, she has touched the lives of many. She has given us all the hope to reach the brightest star. Truly she has always been and still remains, a golden ray of sunshine, a source of inspiration to each maiden. God

bestowed an extra-special blessing upon us, when he sent her to our kingdom.

Let it be known throughout the kingdom that the 1983 Reginian is proudly dedicated to Sister Eustelle. Thank you Sister Eustelle for your twenty-five years of sunshine, at Maria Regina. You have helped to maintain the luster in our every rainbow.

Tribute

Fulfilling our dreams proves to be an extremely trying task. We are grateful for those people who have helped us to maintain the energy we needed for living our lives to the fullest. With warm appreciation, we, the fair maidens of the class of 1983, would like to thank Mrs. Blanche Delaney for her twenty-five years of service in the kingdom. Each day, her constant smile and friendly nature help us to keep our spirits up, especially when our rainbow is hidden by the clouds. Her enthusiasm gives us all, the incentive to pursue our dreams. Many thanks again, Mrs. Delaney; your kindness will always be remembered. May all the dreams in your rainbow come true.

Chronicle:

= An Unkorgetable Knight=

n November 12, it was dad's night out "to paint the the kingdom red!" The fair maidens were invited to a grand ball with their fathers. Music by Joe Stratti's Knights enhanced the evening and many girls were seen dancing the night away with their knights. That evening was a special time to spend with dad for well always be daddy's little girl. Many thanks to the Mission Club who raised 1000 for the needy.

October 7, 1981 the UFO seen flying over Maria Regina was identified as a rainbow. This was a special day in the kingdom, for it was the feast of Our Cady of the Rosarp and we knew She was with us.

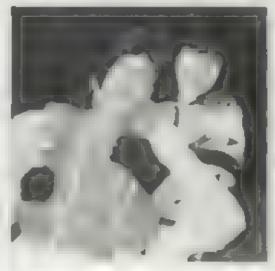

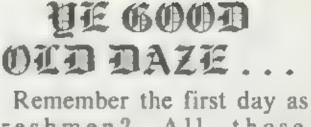

freshmen? All those classrooms and all those seniors! We survived that year, thus entering sophomore year. Although it would be two years till completing our rainbows, we received our buttons, feeling proud that "frosh-hood" was behind us. Junior year was filled with many emotional moments, especially that of anticipating March 12, our Ring Day. It was such a special day because our rings brought an even brighter luster to our rainbows. Senior year finally arrived and so did our first stroll in the courtyard. After graduation, our strolls will not be in the courtyard, but down the road of life, thus recalling "ye good old daze" filled with precious memories of Maria Regina High School.

YE OUD TOURNAMENT

The manor's local hockey team played the N Y Rangers to benefit the Muscular Dystrophy Association. The rivals battled to achieve victory, but the duel ended in a draw. It was a fun-filled evening for all and it helped to build a rainbow for those less fortunate.

COMPEDIAION

On the night of Tuesday, November 30, 1982, many maidens traveled to the Westchester County Center to participate in the Cheerleading Showcase. It was a gala event for all and our own fair maidens were the "fairest of them all."

Last year, Mr. K., one of our professors, arranged two journeys to Boston for the juniors. On the first two weekends of November, the young maidens toured a witch museum, the House of Seven Gables, and the U.S.S. Constitution in Boston Harbor. It was as if the British were invading again!

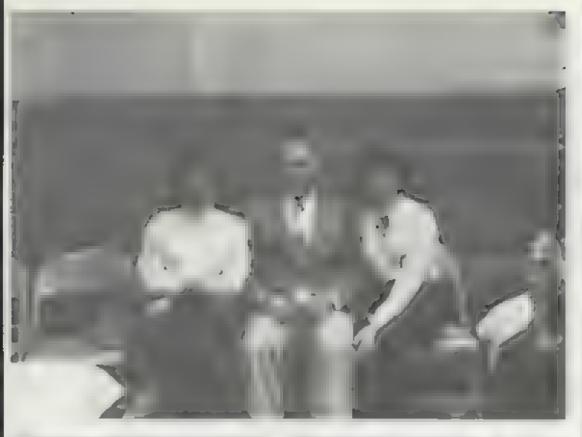

In April of the year 1982, 12 of our juniors journeyed across the sea to the country of Spain. The maidens ventured through Madrid, Granada, Andalucia, Cordoba, Toledo, and finally the la Costa del Sol-Torremolinas. They enjoyed el Prado Museum, the Alcazar, the Alhambra, and a few swinging discotheques. All in all, the journey was quite memorable.

"A Knight to Kemember" —

Irefer Se O Chromose p. 16211

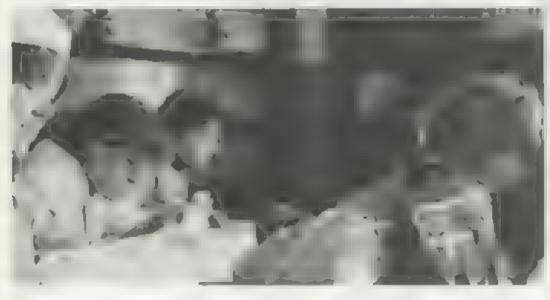

The Pilgrimage

In mid-November, forty young damsels of the graduating class travelled to St. Albert's Priory for a spiritual opportunity to spend time away from the routine of the world. These retreats proved to be memorable experiences, for we had time to ourselves and time with each other; time to dream and time to face reality. However, the most precious time was found in God's presence, getting to know Him better and finding His love for us in every situation of our daily lives.

In early December, 40 maidens from the graduating class were reported missing. After searching the entire kingdom, the "damsels in distress" were found camping out in Maria Regina's cafeteria. This caper was reported on file as the "Senior Slumber Snooze."

Dear Mom and Dad. There are many people in my life that I have admired and looked to for guidance and comfort Each has shared a part of themselves with me, helping to bear the burden and making the road a little easier to travel. But you above all the rest, stand alone. You have given encouragement, praise, love and the desire to better myself. You have taught me to believe in myself and my abilities. You encouraged me to reach for that which seemed beyond my grasp; in order that I may grow. You have given me more than I could ever repay. Although I may not often express my gratitude and love for you, it is always in my thoughts: because at times, there are no words suitable to express feelings. You . . . my parents, are the reason why I am where I am today, and so I dedicate all my three years of yesterdays and all my tomorrows to you I love you both. Love always, Michelle Anne

The editors of the 1983 Reginian would like to take this time and space to thank a most cooperative level. Your phenomenal response to our fund raising activities, such as ads and candy sales, made our task that much easier. Our appreciation cannot be fully expressed in words.

We hope that you enjoy this book as much as we enjoyed putting it together. We sincerely hope that as you turn the pages, you will remember the good times we shared at Maria Regina 4.5.

Thanks again and we wish each and every one of you the best of luck in all your future endeavors. May the rainbow always remind us of the happiness and love present within each of us and may your rainbow touch someone's heart.

You are all very special to each of us.
We love you all!!

At last, it is all over, the many long hours of hard work, the unexpected meetings, the last minute deadlines, the fundraisers, and last but not least, our favorite job of naming unidentified underclassmen. Yes, it is now time for the staff of the 1983 Reginian to retire their grease pencils, quad packs, and croppers, but first we would like to thank a few very important people.

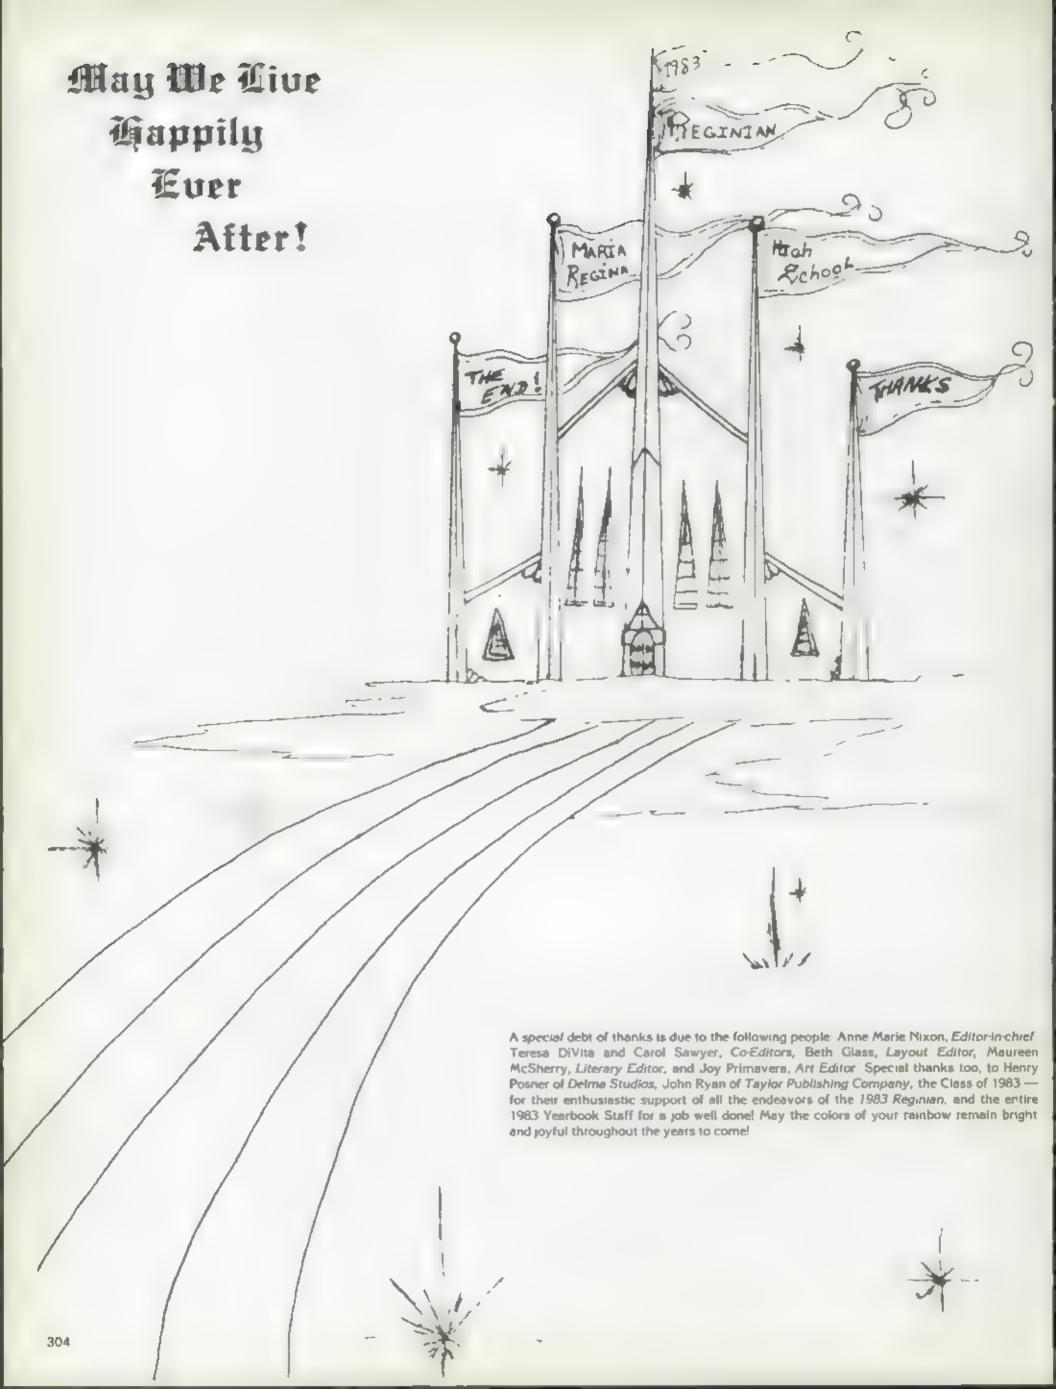

We would like to express our sincere thanks to our photography company, Delma Studios, who was not only extremely cooperative, but once again did a superb job both developing and processing our pictures. To our photographer, Henry Posner, who always managed to get "that perfect shot." To Taylor Publishing Company and our representative John Ryan, whose help, patience and dedication will never be forgotten. To Ice Cream Ira's, for use of their beautiful facilities during our color group shots. To the faculty and administration for all your cooperation and understanding during our times of utter chaos. And lastly, to the seniors, for your incessant support, enthusiasm and spirit. We hope that as you read through the pages of this book, you will cherish the memories and "Never Stop Believing..."

In closing, we would like to wish the 1984 Reginian Staff the best of luck, and that they may enjoy working on their book as much as we have enjoyed working on ours. Finally, to the Class of '84, may your senior year be fabulous and may all your dreams come true! Good Luck now and always.

Love always,
Anne Marie, Carol, Teresa.
